THE CITY: GAETA (Italy)

THE CITY: GAETA

Gaeta is an Italian town of 20,876 inhabitants of the province of Latina in the Southern Lazio.

Ancient city, according to legend, its name comes from Enea nurse. The collective imagination, often, places it in the middle of the sea making it an island because of the famous military prison. Gaeta is not an island but a peninsula beautifully situated on the sea.

Numerous itineraries: the Sanctuary of the Split Mountain, famous for the miraculous split; the old town with its gates and its churches that besides being places of worship, are small art galleries; the diocesan museum that represents the largest collection of art from around the South Lazio; the historic nature trail of Monte Orlando, where between the Mediterranean and the cliffs sprout powder magazines and the Bourbon period batteries.

You can also see Gaeta by sea: comfortable but not too big boats allow you to make the rounds of 7 beaches, oasis blue and see the spectacular promontory overlooking the sea splits.

The Venue: Serapo – Arena Beach

Arena's Beach is located into Serapo's beach, that is the main beach of the town of Gaeta. It 'very popular with tourists both Italians and foreigners attracted by its fine golden sand.

Once here there was an endless dune, but with the opening of the glass factory (1911) tons of sand were make good use to manufacture bottles, and this was reduced the width of this beach. Now there is no trace of dunes, but the sand has remained the same. Clear, fine, clean, light.

From the beach you can admire the "Serapo Ship," a nearby rock whose elongated shape reminiscent of a ship, which is a fairly important biological site. The beach is closed to the south by Monte Orlando and the Sanctuary of Split Mountain (which offers an excellent view of the beach in all its length); on the north by another parallel headland, lower, where there are other coves with public or private access for bathing.

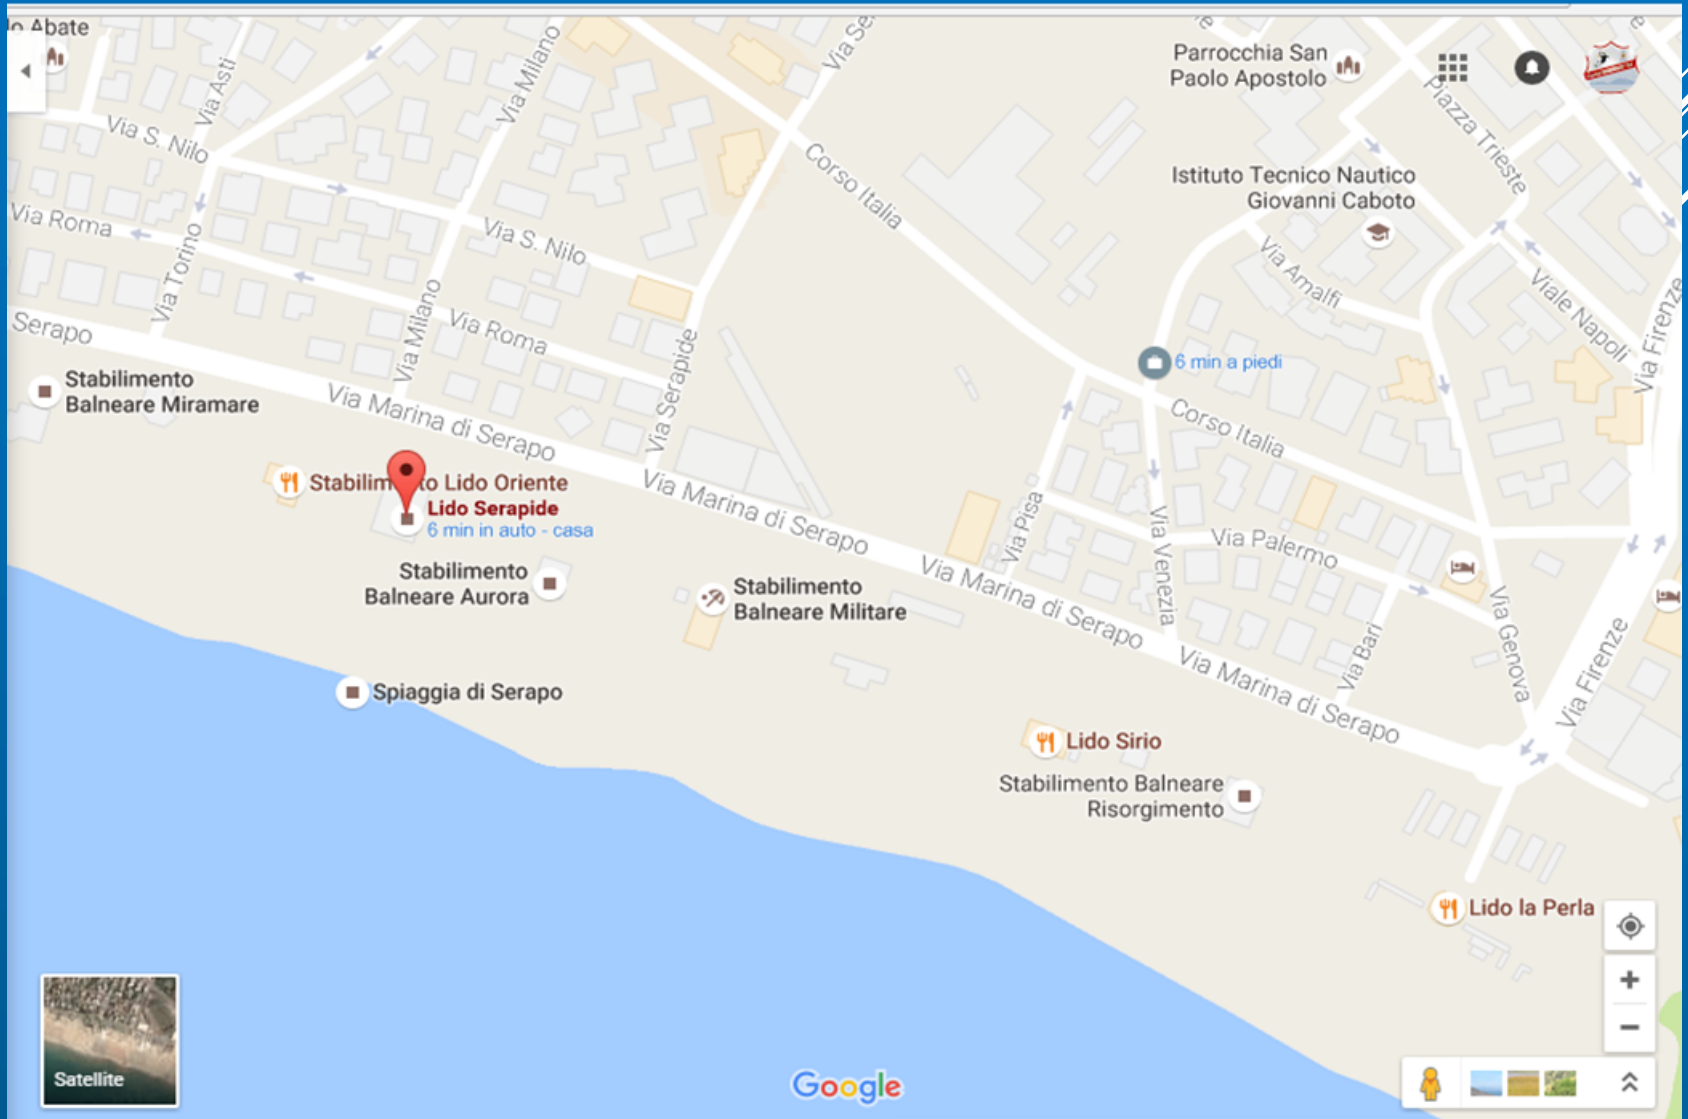

The Serapo's Beach is located into "Lido Risorgimento" and "Lido La Perla". In the past it was the venue of 1st European Beach Handball Championship (2000).
